Is Your "Telephone Door" Large Enough?

If you could see that the door of your place of business wasn't large enough for your customers to get in, you'd be certain to enlarge it or to open another door, wouldn't you?

How about your "telephone door"? Is it sufficient to take care of the ever increasing number of "telephone buyers" or are some of them kept out of your place of business and their patronage diverted by the oft repeated "busy" signal?

Owing to the convenience of buying by telephone many patrons will enter your establishment through your "telephone door," Mr. Business Man, if you but make it easy for them to do so. Don't you think it will pay you to know beyond doubt whether your "telephone door" is always open or whether it is being "slammed in the face" of your customers — present and prospective?

We will gladly study your requirements if you desire.
